The State vs. JOHN C. BRANDON for the murder of Isaac Strawberry (col'd) was taken up. The murder occurred near Monek's Corner on December B, 1996. W. G. DESAUSSURE, Esq., appeared for

he defence.

Mr. RENT RAVENEL testified that he was an acting magistrate in Berkeley District, about forty miles from the city. That on the evening of the 5th Isaac Strawberry, the deceased, came to him and requested a summons to be made out against John O. Brandon to appear before Mr. RAVENEL and answer to the charge of threatening his (Strawberry's) life. He had never seen Strawberry before that time, and made out the summons as done for Brandon, and one for his son Relihood of such a deed, and the summons were was shot the next day, but, being in Charleston, he and the inquest was held by him on Sunday.

as a witness. Isaac expressed fears that Brandon would take his life, but he thought there was no given to Isaac to carry to Brandon's house. Isaac did not hear of it until Saturday when he returned, Brandon was not present, having gone into horry District. He had come to Mr. RAVENEL's house to give himself up, but, learning that he was in Charleston, he went to another magistrate. The

body had wounds in the stomach, and he understood that the deceased was shot on Thursday and died on Friday. Dr. Dwiger testified that he was summoned by Mr. BAVENEL to inspect the dead body, and found

In dismeter. The body was much swotten. There P. O'NEL's wardhouse, State street, 30,000 lbs. bacon, were several large buckshot found in the wound, some of which he extracted. He was satisfied that he died from the wound, which was inflicted at close quarters, as there was but one opening. im about three years. He had known nothing bout any quarrels between Brancon and the deceased until Issac had stopped at his house, after he had left Mr. RAVENEL's and had shown the summons he had obtained. He advised Isaac not deliver the summons in person, but to stop at the house of Messervey and get one of his boys to go. He refused to do this, saying that he had been entrusted with the summons, and would deliver them in person. He did not show the summons, but said they were in his pocket. He first heard of the shooting from two negro men who lived near Brandon, and afterward from Brandon himself, who told him that his brother was shot. He went to the spot and found Isaac lying down by Mr. Hewes' fence; he was on his back, with

hut Isaac soon commenced beating his children at unreasonable hours and making a terrible noise.

He bore this for some time, but finally remonstra-

would make his children best his son, and would

beat him also if he did not stop talking to him.

After they had left, he did not think anything

more of it until he saw Isaac coming through the

gate into the house. The family were at the din-

or speaking, but had a vindictive look. As he ar-

proached the table, Brandon arose and came to-

FULTON, OSWEGO COUNTY, July 1866. Gentlemen :- I have been severely afflicted with paralysis of the stomach, and even given up by several minent physicians. I have tried several remedies of a tonic and stimulating nature, but without any good result. Some three or four months ago I was induced to try your STOMACH BITTERS, and have used about seven greatly improved; and I consider your BITTERS the only efficacious remedy of their kind in the market. If used as directed they will always prove a sovereign emedy to those afflicted with dyspepsia or other dis ases of a like nature. Respectfully yours,

TESTIMONIAL

SHEFFIELD SCIENTIFIC SCHOOL,
REGINERING DEPARTMENT,
YALE COLLEGE, November 16, 1866.

I have always recommended the Faber Polygrade
Lead Pencils as the only pencils fitted for both ornamental and mathematical drawing; but, after a thorough
trial of the American Polygrade Lead Pencils, manufactured by the American Lead Pencil Company, New
York, I find them superior to any pencil in use, even to
the Faber or the old English Cumberland Lead Pencil,
being a superior pencil for sketching, ornamental and
mechanical drawing, and all the ordinary uses of a lead
pencil.

THE SUBSCRIBERS ARE NOW PREPARED TO FURNISH a limited quantity of this popular STANDARD FHRTILIZER for top dressing. It is up to used before or after the planting of the crop, for even when applied as a top dressing, it cannot be lost by evaporation, as none of its constituents are volatile. It may be applied at each horning of Cotton, and in the hills during the cultivation of Corn. Potatoes and other crops. When crops have been previously manured in the usual way, and found to be of sluggish growth, it may be augmented by the use of this manure. To the Horticulturist it is invaluable, as it may be applied to fruit trees at any season of the year. Sold by Circury Software,
